UNIT 2: Fine-grained, sparsely plagioclase-feldspathoid(?), phricic (alkali) basalt. Greenish grey (5 Y 6/1). Phenocrysts: 2-4 mm, feldspar or feldspathoid. Vesicles: 1 only, 1-2 mm. Material is serenitized and slightly oxidized.

UNIT 3: As above, but fresh, with little or no oxidation.

UNIT 4: Like unit 2.
