This page contains a table and handwritten notes. The table includes columns for PIECE #, GRAPHIC REPRESENTATION, DRILLING DISTURB., STRUCTURES, SAMPLES, and COLOR. The notes include a section description with observations about sediments and sedimentary rocks, including colors, types, and observations like 'light greenish gray nanno chalk (56g 71/1)', 'gray (56g 61/1) nanno chalk', and 'gray (56g 51/1) greenish gray main nanno chalk'. Additionally, there are notes on anomalies such as '67-74 cm vertical micro faults 0.5-1.0 mm offset' and 'oxidation (?) halos around burrows'.
